EDUCATION

Nazarbayev University <i>MSc in Applied Mathematics</i>	Astana, Kazakhstan 2026 – 2028
Nazarbayev University <i>BSc in Mathematics, GPA 3.21</i>	Astana, Kazakhstan 2022 – 2026

HONORS & AWARDS

IMO 2021 Bronze	ICPC Northern Eurasia Finalist
IMC 2026 Silver	Kazakhstan Student MO 2026 Grand Prix (1/50)
MBZUAI K2 Think Hackathon Winner (1/900)	KAIST E5 Global Start-up Competition (2/40)

WORK EXPERIENCE

Desargues AI <i>Co-Founder</i> Building VMI/MSI (Verifiable Math Intelligence/Math Super Intelligence).	Astana, Kazakhstan Feb 2026 – Now
Higgsfield AI <i>ML Engineer</i> - Collected datasets and built production image classifiers for AI and real imagery optimized for high recall. - Built strong practical and theoretical understanding of modern ML and GenAI (diffusion models, transformers, embedding models), informed by recent research and engineering discussions.	Almaty, Kazakhstan Sep 2025 – Feb 2026
Mercor AI Lab <i>IMO and Math Research Expert / Dataset Contributor</i> Collected and evaluated the data to build SOTA LLM in FrontierMath benchmark.	Remote 2025
Math Olympiads <i>Math Coach, Camp Organizer, Jury, Problem Setter</i> - Conducted multiple training camps for national IMO team. - Trained 4 students from basic to international medalist level. - Jury and Organizer at 20+ Regional, National and International Olympiads.	Kazakhstan 2021 – Now

ACADEMIC EXPERIENCE

Nazarbayev University <i>Microeconomics TA (Teaching Assistant)</i> Led tutorials and helped students prepare for the exams.	Astana, Kazakhstan Fall 2024
<i>Math RA (Research Assistant)</i> Worked with professors Rustem Takhanov and Zhenisbek Assylbekov on distributions fit tests. Generated sample distributions for measuring performance of the tests.	Fall 2025
<i>Undergraduate Researcher</i> Worked under supervision of professor Adilbek Kairzhan on undergraduate thesis on dispersive PDEs.	Spring 2026
<i>15th ISAAC Congress Volunteer</i> Guided international guests, hosted interviews, organized and attended seminars.	August 2025
Imperial College London <i>Math (LEAN) Formalization Expert</i> Attended formalize FLT workshop hosted by Kevin Buzzard. Formalized representation theory.	London, UK July 2026

OTHER

Skills: ML, Data Engineering, GitHub, C++, Python, AWS, Docker, SQL, BigQuery, Grafana, LaTeX, Excel, Apify.
